

Missouri and the Big Goal

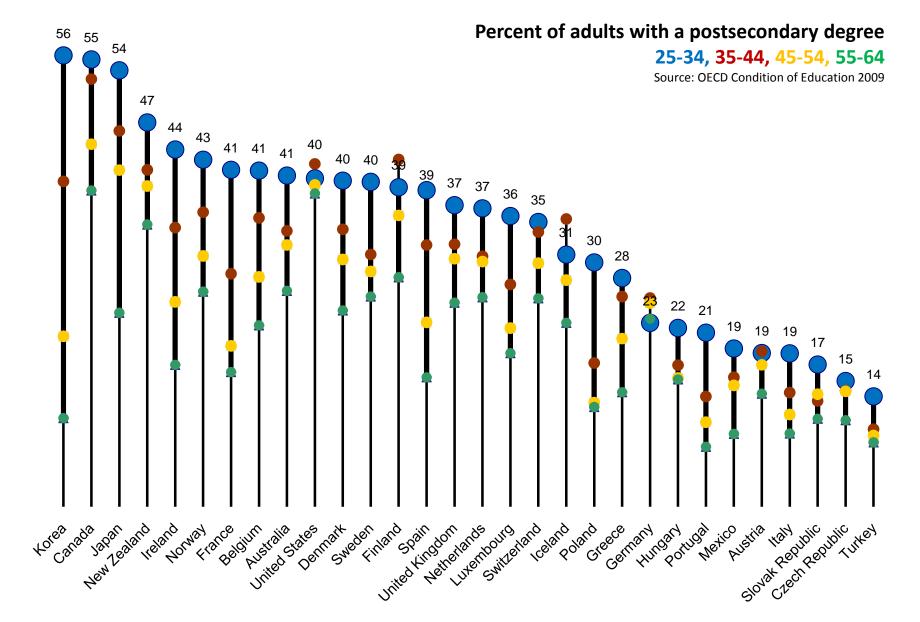

Dewayne Matthews

Lumina Foundation for Education

The big goal:

To increase the proportion of Americans with high-quality degrees and credentials to 60 percent by the year 2025.

Stuck in the Middle

The recession has accelerated a longer-term decline in middleskilled, middle-wage jobs.

Cumulative change in employment since 2000, by skill level

Between 2008 and 2018, new jobs in Missouri requiring postsecondary education and training will grow by 86,000 while jobs for high school graduates and dropouts will grow by 34,000.

Between 2008 and 2018, Missouri will create 898,000 job vacancies both from new jobs and from job openings due to retirement.

523,000 of these job vacancies will be for those with postsecondary credentials, **287,000** for high school graduates and **88,000** for high school dropouts.

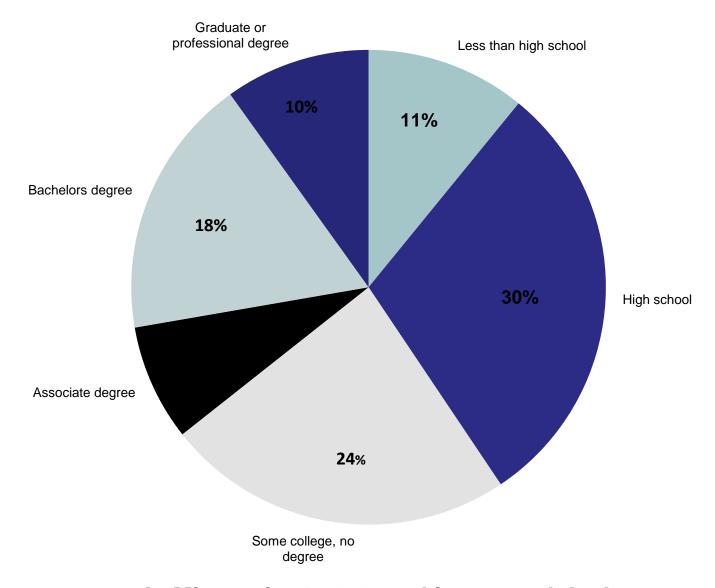

59% of all jobs in Missouri (1.8 million jobs) will require some postsecondary training beyond high school in 2018.

The Georgetown University Center on Education and the Workforce

Reaching 60% attainment in Missouri

Current % of college graduates (25 to 64)	34.9%
Additional degrees needed to reach 60%	461,886
Current annual production of degrees	50,181

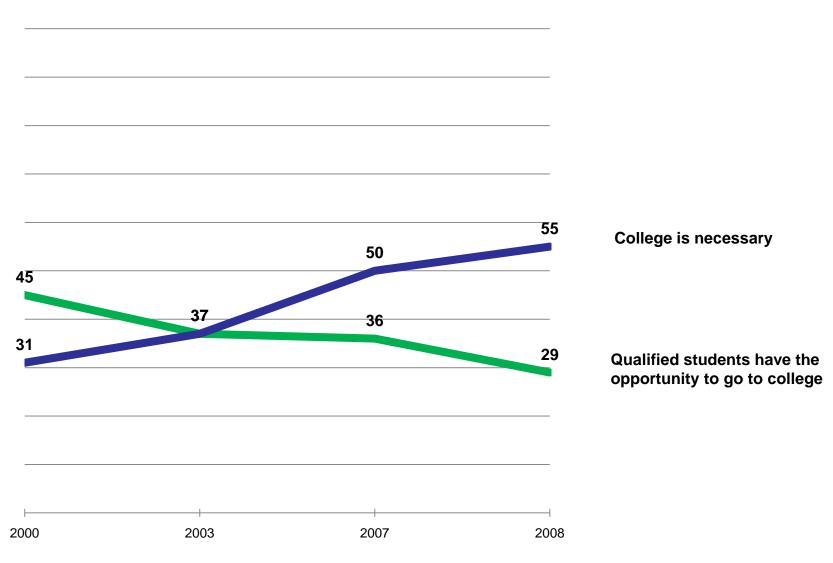

Annual increase needed	3,396
------------------------	-------

In Missouri, 747,000 working-age adults have attended college but don't have a degree.

Lumina defines high-quality credentials as degrees and certificates that have well-defined and transparent learning outcomes which provide clear pathways to further education and employment.
